

About us

We encourage and help migrant women to enter or re-enter the labour market. By way of INDIVIDUAL and CLOSE consultation we identify personal objectives and wishes and develop strategies to attain them.

We are committed to support women in reconciling work and family life. To accomplish this, we cooperate closely with other organizations, local offices and authorities.

We ensure individual case consultation and provide answers to questions through short channels of communication.

Empowerment

Meet other women in your city and other regions of Brandenburg!

What do you need to identify and achieve your goals?

We talk about your role as a woman - in society, within the family and as individual. You discover your resources and strengths. You can connect with other women to share ideas and receive support.
