*The EU project „Cities4Refugees” involves mayors and their municipalities – and especially their local citizens, but also NGOs and other multiplier who are interested in improving the current situation for migrants and refugees coming to Europe, but also within Europe (like Ukraine).*

**Co-funded by  
the European Union**

## MAIN OBJECTIVES

- increasing capacity-building for migrant and refugee inclusion in European cities and regions through the dialogue around best practice examples in different fields of integration and migration;
- focusing on the dialogue and cooperation between municipalities from different countries and its local civil society groups around the topic of migrant and refugee inclusion in European cities;
- promoting new initiatives and strengthen existing ones between cities and civil society organizations on European Migration policy;
- promoting exchanges between citizens of different countries;
- ensuring an active citizen participation at the local level by an active inclusion of local civil society;
- bringing together municipalities from all over Europe and giving them a common voice to contribute to reinforce the role of local and regional authorities in the European integration process;
- promoting a welcoming and including Europe;
- promoting peaceful relations;
- extending and reinforcing the existing network of International Alliances of Safe Harbours.

## EXPECTED RESULTS

Through the exchange of best practices concerning the situation of migrants and refugees, new initiatives and concepts will be created and disseminated.

Besides, awareness of the importance of reinforcing the European integration process based on solidarity will be raised between all involved citizens.

A stronger cooperation between municipalities and its citizens from different European countries will boost active citizenship.

Discrimination and racism will be counteracted and inclusion of minorities promoted.
